

MAKE

THE

EFFORT

It takes *effort* to become more heavenly minded, to become more humble, unselfish, content, peaceful, loving, happy, encouraging, praiseful—all the qualities God speaks of in His Word—but it's so worth it.

If we stop making the effort, or we aren't aware of and watching our attitudes, the natural course of events is that we take on more of a selfish nature. It's what we're surrounded with, and it's human nature to be drawn to pride, haste, selfishness, etc.

But with God's help we can do anything, and it *is* possible to become more and more heavenly minded every day!
