

# The Calendar of Life

*A message from Jesus*

A calendar can be used to remind you of special events, important appointments, and even as a basic master plan of the happenings in your life.

I have a specialized calendar for you alone, and I'm filling in the squares not only with My plan and timetable, but also with the fulfillment of the secret desires of your heart. This calendar of your life is full of unique, memorable, and life-changing events.

I know that you sometimes wonder about some of the events that I have planned in your life, or that I have planned in the lives of others. You wonder if these were truly good things or whether I overbooked or overlooked some pivotal details. But I do have a reason for all that I do, although there will be things that you'll need to wrap up in a bundle of faith and trust.

If your current month seems gray and bleak, if I were to skip ahead to the future and show you what is planned, you would clearly see that these seemingly dark and difficult days lead up to bright, warm, sunny days, and that what you will gain through the bleak times will be priceless.

So don't be afraid to let Me plan and fill in the calendar of your life. The best things happen to those who trust Me completely, and who flow with what I have planned.
